C.B. 222-21-1

Letter No. 188/3, Oorgaum, 11th April 1922, from Mr. Boswoth Smith, to the Dewan of Mysore, Bangalore.

Some friends of mine are interested in Marconi's wireless telephones and are coming from Bombay to Madras and on their way wish to demonstrate and hold conversations between the mines and Bangalore. Mr. Rosher of the Eastern Development Corporation, who has met you in London, is in charge of the proceedings has asked me to find out and make sure that the Government of Mysore will have no objection to this experimental trial of wireless telephones in the State, so I am taking the liberty of asking this from the fountain head.

Mr. Rosher expects to be here about the last week in this month and would be very pleased to show and -- explain the apparatus to you or any of your friends who might be interested.

C.B.222-21-2.

Copy of letter from the Dewan of Mysore (dated 14th April 1922) to Mr. P. Bosworth Smith, Oorgaum, in reply to his D.O. letter No. 188/3 dated 11th April.

I have received your letter of the 11th instant regarding Marconi's wireless telephone. I am not quite certain if experimental trials of wireless telephone can be held in the State without the sanction of the Government of India, but I am making enquiries in the matter and shall let you know the result. In the meantime, I shall be pleased to meet Mr. Rosher, when he comes to Bangalore.

20th May 1922.

Dear Mr.Banerji,

I am directed to say that the Managing Director of Marconi, Indian States and Eastern Agency, who are the licensees of Government for British India, have applied to the Government of India for permission to give demonstrations in the Mysore State of wireless telephony. The Government of India would be glad to know whether the Durbar wish the demonstrations to be given or not. If the Durbar are in favour of the proposal, the Government of India will have no objection to it.

Yours sincerely,
